

Creative Curriculum Theme - Gods and Mortals!

History

- Use a range of historical sources to investigate everyday life in Ancient Greece.

Science

- Recognise that light is needed in order to see things.
- Recognise that darkness is the absence of light.
- Investigate and find patterns in the way that the size of shadows change.

Computing

- Use a range of programs to present research about the Ancient Greeks.
- Think critically about the information shared online and protect ourselves.

DT

- Prepare food including hot and cold sandwiches.
- Explore how to stay safe in a kitchen including chopping and cutting safely.

English text: a selection of short stories from 'Greek Myths.' Children will;

- Increase familiarity in a wide variety of books including myths and legends.
- Build a varied and rich vocabulary to use in our writing of our own myths, character descriptions and diary entries.
- Apply spelling rules and learn to spell common exception words.
- Independently proof read for spelling, punctuation and grammar errors.

Maths

- During our maths meetings, we will complete times table challenges and consolidate our knowledge.
- Enhance our knowledge of place value by comparing and ordering numbers up to 10,000.
- Add numbers up to 10,000 using re-grouping and written methods.

Physical Activity

- Pass and receive a ball with accuracy in preparation for different invasion games.
- Use a variety of tools in Forest School and identify different species.

French

- Describe families and information about ourselves.

Music

- 3T: develop understanding of aspects of music and how they interact through: games, singing and playing unturned instruments
- 3TH: Play the recorder with increasing accuracy, fluency and control. Begin

Staff: Miss Timpany,
Miss Thacker, Mrs Homer
and Mrs Roberts

Religious Education

- Explore rules for living Christians and Sikhs.

Personal, Social, Health Education and Citizenship

- Explore friendships and relationships.

Homework

As part of their creative curriculum, we have chosen a number of tasks linked to the children's topic. The children must complete at least one of these tasks but they can complete as many as they like! You can choose how to present your project e.g. photographs, models, written work or pictures. Children can bring homework in at any time to show their teacher and the rest of the class.

Design your own mythical creature. Which animals body parts could you include? What personality would your creature have?

Make or draw your own mythical creature and give it an exciting name.

Look at examples of the letters of the Greek alphabet. Practise forming them and pronouncing them.

Research a Greek philosopher such as Pluto, Aristotle, Archimedes or Pythagoras. Make a fact-file of their life and why we still remember them today.

Make some traditional Greek dishes such as moussaka, taramasalata or a Greek salad.

Look at holiday brochures and plan an imaginary family holiday to Greece. Where would you go? Where would you stay? What would you do? How much would it cost?

Read and retell a Greek myth, e.g. 'Medusa', and illustrate your story in detail.

Look at images of Greek pots, plates and patterns. Draw or paint a Greek scene suitable for a vase or plate.

Reading at home

- Your child's book will be changed when it is brought into school with an adult's signature to confirm the book has been read.
- Home school link books need to be brought into school every day.
- Read for a minimum of 10 minutes daily.

Times tables

- To support fractions and division work and to work towards your next times table club, practise rapidly recalling up to 12 x 12.
